webinar 51-2

SoundThinking expands public safety capabilities with the integration of PlateRanger ALPR with ShotSpotter and CrimeTracer, enabling connected workflows and expanding investigative capacity for law enforcement agencies.

Join us for a live webinar to see how it works.
Thursday, May 1 at 1:00 PM ET / 10:00 AM PT

You'll learn how these integrations:

- Connect gunfire detection with suspect vehicle identification for faster case resolution

Expands your investigative reach with access to nationwide LPR data and over 1B searchable records
- Enable seamless collaboration across agencies using open, interoperable systems
- Help your teams act faster - without disrupting existing workflows.

Don't miss this chance to see how a connected platform can be your agencies force multiplier.
